

Capabilities Statement

Vision Technologies Services

Vision Technologies is a professional information technology services company that provides a suite of solutions for commercial and government environments. We are a Service-Disabled Veteran-Owned Small Business (SDVOSB) and are committed to a level of customer satisfaction that is second to none. Our approach to delivering world-class solutions is based on a lifecycle view of the relationship.

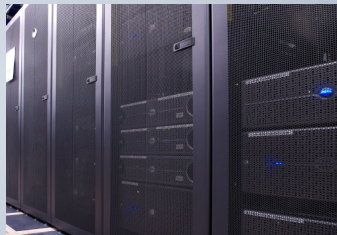

We ensure success of our customers through our commitment to meet or exceed their expectations through professional execution with our staff of PMI-certified PMPs. We believe that, as a professional services company, we clearly differentiate ourselves against our competitors through our execution culture; our people and our approach increase our customers' opportunity for success. We view ourselves as the company behind the company, an extension of your organization. We clearly understand that if you don't succeed, we don't succeed. We are so committed to this belief that we offer a 100% Customer Satisfaction Guarantee on every service offered.

Our suite of services is separated into four core competencies: Technical Support/Operations & Maintenance, Network Infrastructures, IP-Converged Technologies, and Global Services.

Technical Support Services / Operations & Maintenance

Specialized in designing, building, implementing, supporting, and securing high-availability environments and data communication networks (wired and wireless).

- ▶ Enterprise Architecture

Capabilities Statement

Network Infrastructure Services

Turnkey solutions for your structured cabling plant through industry-compliant designs, implementation and support for network infrastructure, telephony and communications cabling.

CAD & RCDD Design Services

- ▶ Structured Cabling Design and Implementation
- ▶ Staff Augmentation
- ▶ Move Services (PC, network equipment)
- ▶ Rack & Stack Network Equipment
- ▶ Closet Cleanup (Wire Management, Documentation)

Services

Technical Services Group / O&M

- ▶ Staff Augmentation
- ▶ Network Administration
- ▶ Deployment

Wireless Systems

- ▶ Network Design
- ▶ LAN Deployment
- ▶ In-Building Cellular Enhancement/DAS
- ▶ Predictive Design
- ▶ Site Surveys

Data Center Services

- ▶ Design
- ▶ Build
- ▶ On-Site Support

Security Systems

- ▶ Site Surveys, Installation, Maintenance
- ▶ Analog to Digital Migration
- ▶ CCTV - Security
- ▶ Access Control Systems
- ▶ Remote Video Monitoring & Analytics

Audio-Visual Systems

- ▶ Design
- ▶ Installation
- ▶ Documentation
- ▶ Support

Cabling

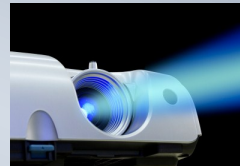

- ▶ Workstation / Backbone
- ▶ Optical Fiber (PON)
- ▶ Design Services (RCDD)
- ▶ Moves, Adds & Changes

IP Converged Technologies

Security & Audio-Visual Systems

Specialized design, installation and support for technologies that are quickly becoming IP-based services, and competing for network bandwidth.

- ▶ Access Control
- ▶ CCTV / Surveillance
- ▶ Visitor Management
- ▶ Video Teleconferencing
- ▶ Audio-Visual Systems
- ▶ Digital Signage

Global Services

Comprehensive services solutions for technology rollout deployment, product integration, logistics management, field maintenance and equipment installation on a national and international basis.

- ▶ National Rollouts
- ▶ PMP Program / Project Management
- ▶ Site Surveys
- ▶ Network Integration
- ▶ Desktop Deployment
- ▶ Asset Inventory & Documentation
- ▶ Equipment Staging
- ▶ Point-of-Sale / Kiosks
- ▶ Hardware/ Software Refresh
- ▶ Access Controls
- ▶ Telephony
